

## T327 COMBI-BOX™

The **Simport** Combi-Box™ can be used not only as a storage rack but also as a workstation. The white base will accept all 96- and 384-well plates and an easy to remove transparent cover allows easy viewing of the content. Being only 40 mm high, the stackable Combi-Box™ saves space on the lab bench and on refrigerator or freezer shelves.

For single tubes as well as strips, use the Combi-Rack™ (T327-1) which can hold up to 96 tubes or 12 strips of 8.

Cat. #	Color	Qty/Cs
T327	White base	5

## T327-1 COMBI-RACK™

Made of polypropylene

The **Simport** Combi-Rack™ is an innovative support that can hold up to 96 PCR tubes or 12 strips of 8 tubes with caps. Each hole is identified with an alphanumeric numbering system for identifying tubes. The grid stands on four legs and can be placed on a lab counter or in a refrigerator or freezer shelf. Made of polypropylene, it can easily withstand temperatures from -80 °C to 121 °C. It is also ideal for carrying and storing, freezing and transporting reagents and specimens.

For storage, simply place the Combi-Rack™ in the T327 Combi-Box™ and place cover.

Cat. #	Color	Qty/Cs
T327-1	Blue	5

- 1 Transparent cover for easy viewing of contents
- 2 Boxes are stackable for space-saving
- 3 Plate can easily be inserted and removed
- 4 Alphanumeric identification of each position
- 5 Can accept single tubes, strips and plates up to 96 wells
- 6 Stackable

## T328-96 PCRRack™

Made of polypropylene

This convenient space saving rack was designed especially for storing and working with PCR samples. The PCRRack™ will accept all models of 0.2 ml tubes, along with strips of 8 or 12 tubes. 96-well PCR plates can also be accommodated.

The PCRRack™ consists of a base and a cover. Both are made of extra strong polypropylene to resist a wide range of chemicals at temperatures from -90 °C to 121 °C. Samples are easily identified with the PCRRack™ alphanumeric configuration, indexed from A to H vertically and 1 to 12 horizontally. The transparent cover also has easy to read numbers and letters for secure identification of contents.

The PCRRack™ can be horizontally attached to each other in order to build-up any configuration you desire. With the cover on, they are easily stackable one on top of another. Thanks to these special features, efficiency is highly improved allowing you to carry a multitude of tubes and/or strips at the same time.

Available in six very attractive colors. Autoclavable. Packed in a bag of four racks.
