

## S207

### 6.5 ml **SNAPTWIST®** SCINTILLATION VIAL

Made of either polypropylene or high density polyethylene

Available either with a translucent polypropylene or opaque polyethylene tube, this general purpose vial can be used for liquid scintillation counting, gamma counting, chromatography, sample storage and culturing. It will fit very nicely into the LKB and Packard Varisette counters. The shoulderless vial features a full width opening of 12.5 mm and the overall dimensions are 16 x 57 mm. The exclusive SNAPTWIST® closure are made of high-flow polypropylene and are a true time saver. The vials can be securely sealed by simply snapping the caps on; removal of caps requires an easy 1/4 turn twist. The ease with which these caps can be manipulated eliminates the danger of spillage associated with other push-on/pull-off caps. A built-in positive lock prevents the cap from popping off because of a small build-up of pressure in the vial. The quality of the sealing system is such that it is not necessary to tighten the closure with a lot of pressure to achieve a leakproof seal.

Dimensions: 16 mm dia. x 57 mm H.

Cat. #	Tube	Cap	Qty/Cs
S207	Polyethylene	Polypropylene	1000
S207-5	Polypropylene	Polyethylene	1000

## S220

### 20 ml SCINTILLATION VIAL

Made of polypropylene

This shoulderless vial features a full width opening of 23 mm for ease of access, a high degree of resistance to organic solvents, and sufficient translucence so that reagent levels or the presence of filter paper can be easily detected. The unique thread design of the closure allows the vial to be sealed, and opened with an easy 1/4 turn. The quality of the sealing system is such that it is not necessary to tighten the closure with a lot of pressure to achieve a leakproof seal. Polyethylene closure.

Dimensions: 26 mm dia. x 61 mm H.

Cat. #	Packaging	Qty/Cs
S220	Bulk	500
S220-1	Tray/100	500

**A picture is worth a thousand words.  
A sample, a thousand pictures...**

You might look at a picture and read the words under it a thousand times, nothing beats having the product in your own hands for evaluation.

**Simport** is proud to offer you the most comprehensive sample program ever developed in the industry. Just for the asking, you can get **free of charge** a sample of any **Simport** product along with a specially designed card describing all the features, benefits and ordering information.
